Abstract: The BIA is seeking renewal of the approval for the information collection conducted under 25 U.S.C. 43, 36 Stat. 472, inter alia, and implementing regulations, at 25 CFR part 5, regarding verification of Indian preference for employment. The purpose of Indian preference is to encourage qualified Indian persons to seek employment with the BIA and Indian Health Service (IHS) by offering preferential treatment to qualified candidates of Indian heritage. BIA collects the information to ensure compliance with Indian preference hiring requirements. The information collection relates only to individuals applying for employment with the BIA and IHS. The tribe's involvement is limited to verifying membership information submitted by the applicant. The collection of information allows certain persons who are of Indian descent to receive preference when appointments are made to vacancies in positions with the BIA and IHS as well as in any unit that has been transferred intact from the BIA to a Bureau or office within the Department of the Interior or the Department of Health and Human Services and that continues to perform functions formerly performed as part of the BIA and IHS. You are eligible for preference if (a) you are a member of a

federally recognized Indian tribe; (b) you are a descendent of a member and you were residing within the present boundaries of any Indian reservation on June 1, 1934; (c) you are an Alaska native; or (d) you possess one-half degree Indian blood derived from tribes that are indigenous to the United States.
