DEPARTMENT OF THE TREASURY

Office of the Comptroller of the Currency

FEDERAL RESERVE SYSTEM

FEDERAL DEPOSIT INSURANCE CORPORATION

Agency Information Collection Activities: Submission for OMB Review; Joint Comment Request

AGENCY: Office of the Comptroller of the Currency (OCC), Treasury; Board of Governors of the Federal Reserve System (Board); and Federal Deposit Insurance Corporation (FDIC).

ACTION: Joint notice and request for comment.

SUMMARY: In accordance with the requirements of the Paperwork Reduction Act (PRA) of 1995, the OCC, the Board, and the FDIC (the "agencies") may not conduct or sponsor, and the respondent is not required to respond to, an information collection unless it displays a currently valid Office of Management and Budget (OMB) control number. On June 27, 2017, the agencies, under the auspices of the Federal Financial Institutions Examination Council (FFIEC), requested public comment for 60 days on a proposal to revise the Consolidated Reports of Condition and Income for a Bank with Domestic and Foreign Offices (FFIEC 031), the Consolidated Reports of Condition and Income for a Bank with Domestic Offices Only (FFIEC 041), and the Consolidated Reports of Condition and Income for a Bank with Domestic Offices Only and Total Assets Less than \$1 Billion (FFIEC 051), which are currently approved collections of

information. The Consolidated Reports of Condition and Income are commonly referred to as the Call Report. The proposed revisions to the FFIEC 031, FFIEC 041, and FFIEC 051 Call Reports would result in an overall reduction in burden.

The comment period for the June 2017 notice ended on August 28, 2017. As described in the **SUPPLEMENTARY INFORMATION** section, after considering the comments received on the proposal, the FFIEC and the agencies will proceed with the proposed reporting revisions to the FFIEC 031, FFIEC 041, and FFIEC 051. These reporting revisions relate to the deletion or consolidation of a large number of items, the raising of certain reporting thresholds, and a reduction in reporting frequency for a number of items. For small institutions filing the FFIEC 051 report, these changes affect approximately seven percent of the data items collected. The agencies will also proceed with the scope revision to the FFIEC 031 and FFIEC 041 reports to require all institutions with consolidated total assets of \$100 billion or more, regardless of whether an institution has any foreign offices, to file the FFIEC 031. However, the agencies will delay the effective date of these reporting revisions and scope revision until the June 30, 2018, report date, rather than implementing them as of the March 31, 2018, report date, as originally proposed.

In addition, the agencies will proceed with the revisions to address the changes in the accounting for equity investments, with some modifications to the proposal in response to comments received. The effective date for these revisions would be the March 31, 2018, report date, as originally proposed, to coincide with the first reporting period in which the accounting changes will be adopted under U.S. generally accepted accounting principles (GAAP) by certain reporting institutions. Finally, because of concerns raised by commenters regarding the proposed revisions to the definition of "past due" assets for regulatory reporting purposes, the agencies are giving further consideration to this proposal, including its effect on and relationship to other regulatory reporting requirements, and are not proceeding with this proposed revision at this time.

The agencies are giving notice that they have sent the collection to OMB for review.

DATES: Comments must be submitted on or before February 7, 2018.

ADDRESSES: Interested parties are invited to submit written comments to any or all of the agencies. All comments,
