

market and increases the number of trading opportunities on MIAX PEARL for all participants who will be able to compete for such opportunities. The proposed rule change should enable the Exchange to continue to attract and compete for order flow with other exchanges. However, this competition does not create an undue burden on competition but rather offers all market participants the opportunity to receive the benefit of competitive pricing.

The proposed Maker rebate decreases and Taker fee adjustments are intended to keep the Exchange's fees highly competitive with those of other exchanges, and to encourage liquidity and should enable the Exchange to continue to attract and compete for order flow with other exchanges. The Exchange notes that it operates in a highly competitive market in which market participants can readily favor competing venues if they deem fee levels at a particular venue to be excessive. In such an environment, the Exchange must continually adjust its rebates and fees to remain competitive with other exchanges and to attract order flow. The Exchange believes that the proposed rule changes reflect this competitive environment because they modify the Exchange's fees in a manner that encourages market participants to continue to provide liquidity and to send order flow to the Exchange.

The Exchange believes that the proposed new tiered fee structure for Maker rebates and Taker fees for MIAX PEARL Market Makers and Professional Members, carving out orders that are contra to Priority Customer Origin and the corresponding changes to the existing tiers are intended to keep the Exchange's fees highly competitive with those of other exchanges, and to encourage liquidity and should enable the Exchange to continue to attract and compete for order flow with other exchanges which offer comparable tiered fee structures for Maker rebates and Taker fees which distinguish by contra Origin type.

Further, the Exchange does not believe that removing VXX from the Taker fee carve out that currently applies to Penny classes other than SPY, QQQ, IWM, and VXX, for Priority Customers, will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act because the proposal to remove VXX from the Taker fee carve out is intended only as a technical correction, as VXX options are no longer listed for trading on the Exchange, and therefore, will no longer be included in the Taker fee carve out. Additionally, this proposed rule change

would eliminate any potential confusion and make it clear to market participants that VXX will no longer be included in the Taker fee carve out as VXX options are no longer listed for trading on the Exchange as a result of the VXX ETN maturity on January 30, 2019.³²

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act,³³ and Rule 19b-4(f)(2)³⁴ thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-85300; File No. SR-NYSE-2019-11]

Self-Regulatory Organizations; New York Stock Exchange LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend the Exchange's Price List Related to Co-Location Services

March 13, 2019.

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 (the "Act")² and Rule 19b-4 thereunder,³ notice is hereby given that, on March 1, 2019, New York Stock Exchange LLC ("NYSE" or the "Exchange") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend the Exchange's Price List related to co-location services to make a ministerial change to reflect the name change of its affiliate Chicago Stock Exchange, Inc. and to correct a typographical error. The proposed change is available on the Exchange's website at www.nyse.com, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend the Price List related to co-location⁴ services offered by the Exchange to make a ministerial change to reflect the name change of its affiliate Chicago Stock Exchange, Inc. ("CHX") to NYSE Chicago, Inc. ("NYSE Chicago") and to correct a typographical error.

⁴ The Exchange initially filed rule changes relating to its co-location services with the Securities and Exchange Commission ("Commission") in 2010. See Securities Exchange Act Release No. 62960 (September 21, 2010), 75 FR 59310 (September 27, 2010) (SR-NYSE-2010-56). The Exchange operates a data center in Mahwah, New Jersey (the "data center") from which it provides co-location services to Users. For purposes of the Exchange's co-location services, a "User" means any market participant that requests to receive co-location services directly from the Exchange. See Securities Exchange Act Release No. 76008 (September 29, 2015), 80 FR 60190 (October 5, 2015) (SR-NYSE-2015-40). As specified in the Price List, a User that incurs co-location fees for a particular co-location service pursuant thereto would not be subject to co-location fees for the same co-location service charged by the Exchange's affiliates NYSE American LLC ("NYSE American"), NYSE Arca, Inc. ("NYSE Arca"), and NYSE National, Inc. ("NYSE National" and together, the "Affiliate SROs"). See Securities Exchange Act Release No. 70206 (August 15, 2013), 78 FR 51765 (August 21, 2013) (SR-NYSE-2013-59).

On February 15, 2019, CHX changed its name to NYSE Chicago.⁵ In a non-substantive administrative change, the Exchange proposes to update General Note 4 related to co-location services⁶ as follows:

- Delete references to "Chicago Stock Exchange, Inc." and "CHX" from the first paragraph of General Note 4, replacing them with references to "NYSE Chicago, Inc." and "NYSE Chicago"; and

- In the table under Included Data Products, delete "Chicago Stock Exchange (CHX)" from the first line and add a line for "NYSE Chicago" in alphabetical order after NYSE Bonds.

In addition, in the third sentence of the first paragraph under "Connectivity to Third Party Data Feeds," the Exchange proposes to correct a typographical error by replacing "Fees" with "Feeds."

General

As is the case with all Exchange co-location arrangements, (i) neither a User nor any of the User's customers would be permitted to submit orders directly to the Exchange unless such User or customer is a member organization, a Sponsored Participant or an agent thereof (e.g., a service bureau providing order entry services); (ii) use of the co-location services proposed herein would be completely voluntary and available to all Users on a non-discriminatory basis;⁷ and (iii) a User would only incur one charge for the particular co-location service described herein, regardless of whether the User connects only to the

⁵ See Securities Exchange Release No. 84494 (October 26, 2018), 83 FR 54953 (November 1, 2018) (SR-CHX-2018-05).

⁶ General Note 4 describes the access to trading and execution systems and the connectivity to included data products which a User receives when it purchases access to the Liquidity Center Network ("LCN") or internet protocol ("IP") network, local area networks available in the data center. See Securities Exchange Act Release No. 79730 (January 4, 2017), 82 FR 3045 (January 10, 2017) (SR-NYSE-2016-92) (notice of filing and immediate effectiveness of proposed rule change amending the Exchange's price list related to co-location services to increase LCN and IP network fees and add a description of access to trading and execution services and connectivity to included data products).

⁷ As is currently the case, Users that receive co-location services from the Exchange will not receive any means of access to the Exchange's trading and execution systems that is separate from, or superior to, that of other Users. In this regard, all orders sent to the Exchange enter the Exchange's trading and execution systems through the same order gateway, regardless of whether the sender is co-located in the data center or not. In addition, co-located Users do not receive any market data or data service product that is not available to all Users, although Users that receive co-location services normally would expect reduced latencies, as compared to Users that are not co-located, in sending orders to, and receiving market data from, the Exchange.
