

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Overview of This Information Collection

(1) *Type of Information Collection:* Reinstatement, without change, of a previously approved collection for which approval has expired.

(2) *Title of the Form/Collection:* The National Instant Criminal Background Check System (NICS) Voluntary Appeal File (VAF) Brochure and the online application process.

(3) *Agency form number:* 1110-0043.

(4) *Affected public who will be asked or required to respond, as well as a brief abstract:*

Primary: Potential firearm purchasers. If a potential purchaser is delayed or denied a firearm and successfully appeals the decision, the NICS Section cannot retain a record of the overturned appeal or the supporting documentation. If the record is not able to be updated or the fingerprints are non-identical to a disqualifying record used in the evaluation, the purchaser continues to be delayed or denied, and if that individual appeals the decision, the documentation/information (e.g., fingerprint cards, court records, pardons, etc.) must be resubmitted for every subsequent purchase. The VAF was established per 28 CFR, Part 25.10(g), for this reason. By this process, applicants can voluntarily request the NICS Section maintain information about themselves in the VAF to prevent future extended delays or denials of a firearm transfer.

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* It is estimated the time it takes to read, complete, and upload documents is 30 minutes. Travel time to the fingerprinting facility and post office

is not factored in the time estimate. The NICS Section estimates 4,000 respondents yearly.

(6) *An estimate of the total public burden (in hours) associated with the collection:* With 4,000 applicants responding, the formula for applicant burden hours would be as follows: (4,000 respondents $\times$.5 hours) = 2,000 hours.

reporting dealers, and from a market-maker that is a fiduciary. The exempted transactions also include, under certain conditions, a plan's or IRA's accepting an extension of credit from a broker-dealer for the purpose of facilitating settlement of a securities transaction. Among other conditions, PTE 1975-1 requires plans and IRAs involved in the transactions to maintain adequate records of the transactions for a period of six years. Title: Prohibited Transaction Exemption 84-24 for Certain Transactions Involving Insurance Agents and Brokers, Pension Consultants, Insurance Companies, Investment Companies and Investment Company Principal Underwriters.

OMB Number: 1210-0158.

Affected Public: Businesses or other for-profits, Not-for-profit institutions.

Responses: 227,068.

Estimated Total Burden Hours: 19,194.

Estimated Total Burden Cost (Operating and Maintenance): \$98,115.

Description: PTE 1984-24, as amended, provides an exemption for insurance agents, insurance brokers and pension consultants to receive a sales commission from an insurance company in connection with the purchase, with plan or IRA assets, of an insurance or annuity contract. Relief is also provided for a principal underwriter for an investment company registered under the Investment Company Act of 1940 to receive a sales commission in connection with the purchase, with plan or IRA assets, of securities issued by the investment company.

The PTE requires the insurance agents, insurance brokers, pension consultants and investment company principal underwriters relying on the exemption to obtain authorization from an independent plan fiduciary, provide certain disclosures, including disclosure of the commission payment, necessary for the independent plan fiduciary to evaluate whether or not to grant authorization, and maintain records necessary to demonstrate that the conditions of the exemption have been met. The Department previously submitted an ICR to OMB for approval of this information collection and received OMB approval under OMB

Control No. 1210-0158. The current approval is scheduled to expire on June 30, 2019.

Agency: Employee Benefits Security Administration, Department of Labor.

Title: Prohibited Transaction Exemption 1986-128 for Securities Transactions Involving Employee Benefit Plans and Broker-Dealers.

OMB Number: 1210-0059.

Affected Public: Businesses or other for-profits, Not-for-profit institutions.

Description: PTE 1986-128, as amended, permits persons who serve as fiduciaries for employee benefit plans and IRAs to effect or execute securities transactions on behalf of the plans and IRAs. The exemption also allows a fiduciary to act as an agent in an agency cross transaction for an employee benefit plan or IRA and one or more other parties to the transaction and receive reasonable compensation from the other party.

The PTE requires the fiduciary relying on the exemption to obtain written authorization executed in advance by an independent fiduciary of the employee benefit plan whose assets are involved in the transaction. Within three months prior to the authorization, the fiduciary must furnish the independent fiduciary with any reasonably available information necessary for the independent fiduciary to determine whether an authorization should be made. The information must include a copy of the exemption, a form for termination, and a description of the fiduciary's brokerage placement practices. The fiduciary must also provide a termination form to the independent fiduciary annually so that the independent fiduciary may terminate the authorization without penalty to the plan; failure to return the form constitutes continuing authorization. The fiduciary must report all transactions to the independent fiduciary, either by confirmation slips or through quarterly reports. Finally, the fiduciary must provide an annual summary of the transactions to the independent fiduciary. The annual summary must contain all security transaction-related charges incurred by the plan, the brokerage placement practices (if changed), and a portfolio turnover ratio. The Department previously submitted an ICR to OMB for approval of this information collection and received OMB approval under OMB

Control No. 1210-0059. The current approval is scheduled to expire on June 30, 2019.

II. Focus of Comments

The Department is particularly interested in comments that:

- Evaluate the accuracy of the agency's estimate of the collections of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., by permitting electronic submissions of responses.

Comments submitted in response to this notice will be summarized and/or included in the ICRs for OMB approval of the information collections; they will also become a matter of public record.
