

CONSUMER PRODUCT SAFETY COMMISSION

[Docket No. CPSC–2019–0005]

Agency Information Collection Activities; Proposed Collection; Comment Request; Anchor It! Campaign Survey

AGENCY: Consumer Product Safety Commission.

ACTION: Notice.

SUMMARY: The Consumer Product Safety Commission (CPSC) is announcing an opportunity for public comment on a new proposed collection of information by the agency. Under the Paperwork Reduction Act of 1995 (PRA), federal agencies are required to publish notice in the **Federal Register** for each proposed collection of information and to allow 60 days for public comment in response to the notice. This notice solicits comments on a proposed survey that will evaluate consumer awareness or recognition of CPSC's "Anchor It!" campaign.

DATES: Submit written or electronic comments on the collection of information by June 7, 2019.

ADDRESSES: You may submit comments, identified by Docket No. CPSC–2019–0005, by any of the following methods:

Electronic Submissions: Submit electronic comments to the Federal eRulemaking Portal at: <http://www.regulations.gov>. Follow the instructions for submitting comments. CPSC does not accept comments submitted by electronic mail (email), except through www.regulations.gov. CPSC encourages you to submit electronic comments by using the Federal eRulemaking Portal, as described above.

Written Submissions: Submit written submissions in the following way: Mail/hand delivery/courier to: Division of the Secretariat, Consumer Product Safety Commission, Room 820, 4330 East-West Highway, Bethesda, MD 20814; telephone (301) 504–7923.

Instructions: All submissions received must include the agency name and docket number for this notice. All comments received may be posted without change, including any personal identifiers, contact information, or other personal information provided, to: <http://www.regulations.gov>. Do not submit confidential business information, trade secret information, or other sensitive or protected information that you do not want to be available to the public. If furnished at all, such information should be submitted in writing.

Docket: For access to the docket to read background documents or comments received, go to: <http://www.regulations.gov>, and insert the docket number, CPSC–2019–0005, into the "Search" box, and follow the prompts. A copy of the draft proposed survey is available at: <http://www.regulations.gov> under Docket No. CPSC–2019–0005, Supporting and Related Material.

FOR FURTHER INFORMATION CONTACT:

Bretford Griffin, Consumer Product Safety Commission, 4330 East-West Highway, Bethesda, MD 20814; (301) 504–7037, or by email to: BGriffin@cpsc.gov.

SUPPLEMENTARY INFORMATION: Under the PRA (44 U.S.C. 3501–3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. "Collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency proposed surveys. Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3506(c)(2)(A)) requires federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information before submitting the collection to OMB for approval. Accordingly, CPSC is publishing notice of the proposed collection of information set forth in this document.

A. Anchor It! Campaign Proposed Survey

CPSC is authorized under section 5(a) of the Consumer Product Safety Act (CPSA), 15 U.S.C. 2054(a), to conduct studies and investigations relating to the causes and prevention of deaths, accidents, injuries, illnesses, other health impairments, and economic losses associated with consumer products. Section 5(b) of the CPSA, 15 U.S.C. 2054(b), further provides that CPSC may conduct research, studies, and investigations on the safety of consumer products or test consumer products and develop product safety test methods and testing devices.

In October 2018, CPSC issued a report "Product Instability or Tip-Over Injuries and Fatalities Associated with Televisions, Furniture, and Appliances" (2018 Report), which showed that emergency departments across the United States treated an estimated 27,300 television- or furniture stability-related injuries annually in 2015–2017 (8,200 involved televisions or both televisions and furniture and 19,100 involved only furniture).¹ The 2018

Report also reviewed death incidents from 2000 through 2017, and found 507 fatalities (342 involved televisions or both televisions and furniture and 165 involved only furniture.) The 2018 Report showed that children account for the vast majority of both fatalities (83%), as well as the majority of estimated non-fatal emergency department-treated injuries (50%) caused by TV/furniture instability. Of child fatalities, 72 percent involved TV tip-over, and 24 percent furniture tip-over.

To address the hazard associated with TV/furniture tip-overs, as early as 2015, CPSC implemented an information and education campaign called, "Anchor It!" that stressed the importance of safely and securely mounting TVs and furniture to walls with a goal of reducing the number of injuries and deaths due to TV/furniture tip-over.² CPSC seeks, through the proposed survey, to evaluate consumer awareness or recognition of the "Anchor It!" campaign, consumer comprehension of the risks and remedies of TV/furniture tip over and anchoring, and consumer behavior and attitude change from the "Anchor It!" campaign.

The proposed survey will collect data from a sample of approximately 600 parent and non-parent caregivers of children ages 0–5 years to assess their current behaviors about anchoring furniture and/or televisions in homes, their attitudes and beliefs about anchoring, their knowledge of the CPSC and the "Anchor It!" campaign, and their intentions about anchoring in the future. The proposed survey consists of a highly varied national sample. The proposed survey data will enable CPSC to assess individuals' existing knowledge of anchoring furniture and televisions, and inform recommendations on how to modify the "Anchor It!" campaign to better target and educate parents and non-parent caregivers. Findings that arise from the proposed survey may also be used by CPSC in designing future studies.

CPSC has entered into a contract with Fors Marsh Group (FMG) to conduct the proposed survey and collect the data. The National Opinion Research Center (NORC) will program and administer the final survey over the internet. NORC will contact participants electronically via email. The proposed survey will be administered using a secure online platform and the results from the proposed survey will be accessible only

¹ https://www.cpsc.gov/s3fs-public/Product%20Instability%20or%20Tip%20Over%20Report%20Oct%202018_STAMPED.pdf?J6AwBQZwNQKkWKqnOKUDi4ur0i.6D73.

to authorized personnel. Following data collection, FMG will summarize the results and provide a final report along with the dataset to CPSC staff.

B. Burden Hours

The proposed survey will take approximately 20 minutes to complete. We estimate the number of respondents to be 600. We estimate the total annual burden hours for respondents to be 200 hours. The monetized hourly cost is \$36.22, as defined by the average total hourly cost to employers for employee compensation for employees across all occupations as of June 2018, reported by the Bureau of Labor Statistics. The total cost burden is estimated to be \$7,244 (200 hours × \$36.22). The total cost to the federal government for the contract to design and conduct the proposed survey is \$210,112.

C. Request for Comments

CPSC invites comments on these topics:

- Whether the proposed collection of information is necessary for the proper performance of CPSC's functions, including whether the information will have practical utility;
- The accuracy of CPSC's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
 - Ways to enhance the quality, utility, and clarity of the information to be collected; and
 - Ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques, when appropriate, and other forms of information technology.

Alberta E. Mills,
Secretary, Consumer Product Safety
Commission.

BILLING CODE 6355-01-P

DEPARTMENT OF EDUCATION

[Docket No.: ED-2018-ICCD-0117]

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Comment Request; EDFacts Data Collection School Years 2019-20, 2020-21, and 2021-22 (With 2018-19 Continuation)

AGENCY: National Center for Education Statistics (NCES), Department of Education (ED).

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, ED is

proposing a revision of an existing information collection.

DATES: Interested persons are invited to submit comments on or before May 8, 2019.

ADDRESSES: To access and review all the documents related to the information collection listed in this notice, please use <http://www.regulations.gov> by searching the Docket ID number ED-2018-ICCD-0117. Comments submitted in response to this notice should be submitted electronically through the Federal eRulemaking Portal at <http://www.regulations.gov> by selecting the Docket ID number or via postal mail, commercial delivery, or hand delivery. If the www.regulations.gov site is not available to the public for any reason, ED will temporarily accept comments at ICDocketMgr@ed.gov. Please include the docket ID number and the title of the information collection request when requesting documents or submitting comments. *Please note that comments submitted by fax or email and those submitted after the comment period will not be accepted.* Written requests for information or comments submitted by postal mail or delivery should be addressed to the Director of the Information Collection Clearance Division, U.S. Department of Education, 550 12th Street SW, PCP, Room 9089, Washington, DC 20202-0023.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Kashka Kubzdela, 202-245-7377 or email NCES.Information.Collections@ed.gov.

SUPPLEMENTARY INFORMATION: The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the

information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: EDFacts Data Collection School Years 2019-20, 2020-21, and 2021-22 (with 2018-19 continuation).

OMB Control Number: 1850-0925.

Type of Review: A revision of an existing information collection.

Respondents/Affected Public: State, Local, and Tribal Governments.

Total Estimated Number of Annual Responses: 61.

Total Estimated Number of Annual Burden Hours: 126,880.

Abstract: EDFacts is a U.S. Department of Education (ED) initiative, conducted by the National Center for Education Statistics (NCES), to collect, analyze, report on, and promote the use of high-quality, pre-kindergarten through grade 12 (pre-K-12) performance data for use in education planning, policymaking, and management and budget decision making to improve outcomes for students. By centralizing data provided by state education agencies about state level data, local education agencies, and schools, NCES uses the EDFacts data to report on students, schools, staff, services, and education outcomes at the state, district, and school levels. The centralized approach provides ED users with the ability to efficiently analyze and report on submitted data and has reduced the reporting burden for state and local data producers through the use of streamlined data collection, analysis, and reporting tools. EDFacts collects information on behalf of ED grant and program offices for approximately 150 data groups for all 50 states, Washington, DC, Puerto Rico, and seven outlying areas and freely associated states (American Samoa, Federated States of Micronesia, Guam, Marshall Islands, Commonwealth of the Northern Mariana Islands, Republic of Palau, and the U.S. Virgin Islands), the Department of Defense Education Activity (DoDEA), and the Bureau of Indian Education (BIE). This request is to collect EDFacts data for the 2019-20, 2020-21, and 2021-22 school years. This collection package received public comments during a 60-day public comment period, which led to a number of revisions reflected in this request's documents, and is now being made available for the final, 30-day public comment period, after which further
