LSC's Subgrant Agreement Template and Forms B, and C are available on LSC's website at <http://www.lsc.gov/grants-grantee-resources/grantee-guidance/how-apply-subgrant>.

LSC encourages applicants to use LSC's Subgrant Agreement Template as a model subgrant agreement. If the applicant does not use LSC's Template, the proposed agreement must include, at a minimum, the substance of the provisions of the Template.

Once submitted, LSC will evaluate the application and provide applicants with instructions on any needed modifications to the information, documents, or Draft Agreement provided with the application. The applicant must then upload a final and signed subgrant agreement through LSC Grants by the timeframes referenced above. This can be done by selecting "Upload Signed Agreement" to the right of the application "Status" under the "Subgrant" heading on an applicant's LSC Grants home page.

As required by 45 CFR

1627.4(b)(1)(ii), LSC will inform applicants of its decision to disapprove or approve the subgrant no later than the date LSC informs applicants of

LSC's 2020 Basic Field Grant funding decisions.

## NATIONAL SCIENCE FOUNDATION

### Request for Recommendations for Membership on Directorate and Office Advisory Committees

**ACTION:** Notice.

**SUMMARY:** The National Science Foundation (NSF) requests recommendations for membership on its scientific and technical Federal advisory committees. Recommendations should consist of the name of the submitting individual, the organization or the affiliation providing the member nomination, the name of the recommended individual, the recommended individual's curriculum vita, an expression of the individual's interest in serving, and the following recommended individual's contact information: Employment address, telephone number, fax number, and email address. Self-recommendations are accepted. If you would like to make a membership recommendation for any of the NSF scientific and technical Federal advisory committees, please send your recommendation to the appropriate committee contact person listed in the chart below.

**ADDRESSES:** The mailing address for the National Science Foundation is 2415 Eisenhower Avenue, Alexandria, VA 22314.

Web links to individual committee information may be found on the NSF website: NSF Advisory Committees.

**SUPPLEMENTARY INFORMATION:** Each Directorate and Office has an external advisory committee that typically meets twice a year to review and provide advice on program management; discuss current issues; and review and provide advice on the impact of policies, programs, and activities in the disciplines and fields encompassed by the Directorate or Office. In addition to Directorate and Office advisory committees, NSF has several committees that provide advice and recommendations on specific topics including: Astronomy and astrophysics; environmental research and education; equal opportunities in science and engineering; cyberinfrastructure; international science and engineering; and business and operations.

A primary consideration when formulating committee membership is recognized knowledge, expertise, or demonstrated ability.<sup>1</sup> Other factors that may be considered are balance among diverse institutions, regions, and groups underrepresented in science, technology, engineering, and mathematics. Committee members serve for varying term lengths, depending on the nature of the individual committee. Although we welcome the recommendations we receive, we regret that NSF will not be able to acknowledge or respond positively to each person who contacts NSF or has been recommended. NSF intends to publish a similar notice to this on an annual basis. NSF will keep recommendations active for 12 months from the date of receipt.

The chart below is a listing of the committees seeking recommendations for membership. Recommendations should be sent to the contact person identified below. The chart contains web addresses where additional information about individual committees is available.
