

Municipal Airport and cancellation of the standard instrument approach procedures at the airport making the airspace no longer necessary.

Class E airspace designations are published in paragraph 6005 of FAA Order 7400.11C, dated August 13, 2018, and effective September 15, 2018, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document will be published subsequently in the Order.

Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial and unlikely to result in adverse or negative comments. It, therefore: (1) Is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, would not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1F, “Environmental Impacts: Policies and Procedures” prior to any FAA final regulatory action.

Airspace, Incorporation by reference, Navigation (air).

The Proposed Amendment

Accordingly, pursuant to the authority delegated to me, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

- 1. The authority citation for 14 CFR part 71 continues to read as follows:

Authority: 49 U.S.C. 106(f), 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

- 2. The incorporation by reference in 14 CFR 71.1 of FAA Order 7400.11C, Airspace Designations and Reporting Points, dated August 13, 2018, and effective September 15, 2018, is amended as follows:

Paragraph 6005 Class E Airspace Areas Extending Upward From 700 Feet or More Above the Surface of the Earth.

[Docket Number USCG–2018–1076]

RIN 1625–AA08; AA00

Special Local Regulations and Safety Zones; Recurring Marine Events and Fireworks Displays and Swim Events Held in the Coast Guard Sector Northern New England Captain of the Port Zone

AGENCY: Coast Guard, DHS.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Coast Guard is proposing to add, delete, and modify the special local regulations for annual recurring marine events and safety zones for firework displays and swim events in Coast Guard Sector Northern New England Captain of the Port Zone. When enforced, these special local regulations and safety zones will restrict vessels from transiting regulated areas during certain annually recurring events. The proposed special local regulations and safety zones are intended to expedite public notification and ensure the protection of the maritime public and event participants from the hazards associated with certain marine events. We invite your comments on this proposed rulemaking.

DATES: Comments and related material must be received by the Coast Guard on or before June 10, 2019.

ADDRESSES: You may submit comments identified by docket number USCG–2018–1076 using the Federal eRulemaking Portal at <https://www.regulations.gov>.

www.regulations.gov. See the “Public Participation and Request for Comments” portion of the **SUPPLEMENTARY INFORMATION** section for further instructions on submitting comments.

FOR FURTHER INFORMATION CONTACT: If you have questions about this proposed rulemaking, call or email Chief Marine Science Technician Thomas Watts, Sector Northern New England Waterways Management Division, U.S. Coast Guard; telephone 207–347–5003, email Thomas.F.Watts@uscg.mil.

NAD v83 North American Datum of 1983
§ Section
U.S.C. United States Code

II. Background, Purpose, and Legal Basis

Swim events, fireworks displays, and marine events are held on an annual recurring basis on the navigable waters within the Coast Guard Sector Northern New England Captain of the Port (COTP) Zone. The Coast Guard has established special local regulations and safety zones for some of these annual recurring events on a case by case basis to ensure the protection of the maritime public and event participants from potential hazards. In the past, the Coast Guard has not received public comments or concerns regarding the impact to waterway traffic from regulations associated with these annually recurring events. Events were either added or deleted to the table of annual events based on their likelihood to recur in subsequent years. In addition, minor changes to existing events, such as position, date, or title, were made to ensure the accuracy of event details.

The purpose of this rulemaking is to ensure accurate notification of relevant events and protect the maritime public during marine events in the Sector Northern New England COTP zone. The Coast Guard proposes this rulemaking under its authority in 33 U.S.C. 1231 and 33 U.S.C. 1233.

III. Discussion of Proposed Rule

The proposed rule would update the tables of annual recurring events in the existing regulations for the Coast Guard Sector Northern New England COTP Zone. The tables provide the event

name, sponsor, and type, as well as approximate times, dates, and locations of the events.

The Coast Guard proposes to amend 33 CFR 100.120 “Special Local Regulations; Marine Events Held in the Coast Guard Sector Northern New England Captain of the Port Zone” by updating the details of three events, deleting two events, and adding on to the TABLE § 100.120. This rule proposes the following updates to the TABLE to § 100.120: (1) 5.1 Tall Ships Visiting Portsmouth will become a one day event rather than a four day event; (2) 6.3 Windjammer Days Parade of Ships will become 6.3 Gathering of the Fleet; and (3) updates position for 8.6 Multiple Sclerosis Regatta. The events deleted from the TABLE to § 100.120 will be: (1) 7.7 Yarmouth Clam Festival Paddle Race and (2) 7.8 Maine Windjammer Lighthouse Parade. The event added to the table is the 7.8 Harpswell Lobster Boat Races.

The Coast Guard proposes to amend 33 CFR 165.171 “Safety Zones for fireworks displays and swim events held in Coast Guard Sector Northern New England Captain of the Port Zone” by updating the details of seven events from the TABLE to § 165.171. This rule proposes the following updates: (1) 7.3 Camden 3rd of July Fireworks will become 7.3 Camden 4th of July Fireworks; (2) 9.1 Windjammer Festival Fireworks will become 9.1 Camden Windjammer Festival Fireworks; (3) updates position of 7.8 Ellis Short Sand Park Trustee Fireworks; (4) updates position of 7.9 Hampton Beach 4th of July Fireworks; (5) updates position of 7.13 Portland Harbor 4th of July Fireworks; (6) updates date of 8.9 Lake Champlain Swimming Race and the safety area around swimmers; and (7) changes name and location of event 8.8 from Challenge Maine Triathlon to Ironman 70.3 Maine.

The regulatory text we are proposing appears at the end of this document. Advanced public notification of specific times, dates, regulated areas, and enforcement periods for each event will be provided through appropriate means, which may include, but are not limited to, the Local Notice to Mariners, Broadcast Notice to Mariners, or a Notice of Enforcement published in the **Federal Register**. If an event does not have a date and time listed in this regulation, then the precise dates and times of the enforcement period for that event will be announced through a Local Notice to Mariners and a Notice of Enforcement in the **Federal Register**.

IV. Regulatory Analyses

We developed this proposed rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. Executive Order 13771 directs agencies to control regulatory costs through a budgeting process. This NPRM has not been designated a “significant regulatory action,” under Executive Order 12866. Accordingly, the NPRM has not been reviewed by the Office of Management and Budget (OMB), and pursuant to OMB guidance it is exempt from the requirements of Executive Order 13771.

This regulatory action determination is based on the size, location, duration, and time-of-day of each regulated area. We are not adding any new special local regulations, rather we are just updating existing regulations and removing obsolete events which have not been held for the past three years or which the sponsor’s indicate they have no intention to continue. Dates and coordinates have been updated to more accurately reflect the event. We are primarily updating and removing safety zones, but we are adding one safety zone for a swim event. However, this new swim event is only one day long in August and will only impact a small designated area of the waterway for a few hours. Moreover, the Coast Guard will issue a Broadcast Notice to Mariners via VHF-FM marine channel 16 about the zone, and the rule would allow vessels to seek permission to enter the zone.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this proposed rule would not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the safety zone may be small entities, for the reasons stated in section IV.A above, this proposed rule would not have a significant economic impact on any vessel owner or operator.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this rule would have a significant economic impact on it, please submit a comment (see **ADDRESSES**) explaining why you think it qualifies and how and to what degree this rule would economically affect it.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this proposed rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section. The Coast Guard will not retaliate against small entities that question or complain about this proposed rule or any policy or action of the Coast Guard.

C. Collection of Information

This proposed rule would not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this proposed rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this proposed rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it would not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. If you believe this proposed rule has implications for federalism or Indian tribes, please contact the person listed

in the **FOR FURTHER INFORMATION CONTACT** section.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this proposed rule would not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this proposed rule under Department of Homeland Security Directive 023–01 and Commandant Instruction M16475.1D, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have made a preliminary determination that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This proposed rule involves special local regulations for various one day marine events and safety zones for fireworks displays and one day swimming events. Normally such actions are categorically excluded from further review under paragraph L61 of Appendix A, Table 1 of DHS Instruction Manual 023–01–001–01, Rev. 01. A preliminary Record of Environmental Consideration supporting this determination is available in the docket where indicated

under **ADDRESSES**. We seek any comments or information that may lead to the discovery of a significant environmental impact from this proposed rule.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places, or vessels.

V. Public Participation and Request for Comments

We view public participation as essential to effective rulemaking, and will consider all comments and material received during the comment period. Your comment can help shape the outcome of this rulemaking. If you submit a comment, please include the docket number for this rulemaking, indicate the specific section of this document to which each comment applies, and provide a reason for each suggestion or recommendation.

We encourage you to submit comments through the Federal eRulemaking Portal at <http://www.regulations.gov>. If your material cannot be submitted using <http://www.regulations.gov>, contact the person in the **FOR FURTHER INFORMATION CONTACT** section of this document for alternate instructions.

We accept anonymous comments. All comments received will be posted without change to <https://www.regulations.gov> and will include any personal information you have

provided. For more about privacy and the docket, visit <https://www.regulations.gov/privacyNotice>.

Documents mentioned in this NPRM as being available in the docket, and all public comments, will be in our online docket at <https://www.regulations.gov> and can be viewed by following that website's instructions. Additionally, if you go to the online docket and sign up for email alerts, you will be notified when comments are posted or a final rule is published.

List of Subjects

33 CFR Part 100

Marine safety, Navigation (water), Reporting and record-keeping requirements, Waterways.

33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, Waterways.

For the reasons discussed in the preamble, the Coast Guard proposes to amend 33 CFR parts 100 and 165 as follows:

PART 100—SAFETY OF LIFE ON NAVIGABLE WATERS

- 1. The authority citation for Part 100 continues to read as follows:

Authority: 46 U.S.C. 70041; 33 CFR 1.05–1.

- 2. In § 100.120, revise the table to read as follows:

§ 100.120 Special Local Regulations; Marine Events Held in the Coast Guard Sector Northern New England Captain of the Port Zone

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[EPA-R07-OAR-2019-0083; FRL-9992-72-Region 7]

Air Plan Approval; Nebraska; Infrastructure SIP Requirements for the 2015 Ozone National Ambient Air Quality Standards (NAAQS)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The Environmental Protection Agency (EPA) is proposing to approve elements of a State Implementation Plan (SIP) submission from the State of Nebraska addressing the applicable requirements of the Clean Air Act (CAA) section 110 for the 2015 Ozone (O₃) National Ambient Air Quality Standards (NAAQS). Section 110 requires that each state adopt and submit a SIP to support the implementation, maintenance, and enforcement of each new or revised NAAQS promulgated by EPA. These SIPs are commonly referred to as “infrastructure” SIPs. The infrastructure requirements are designed

to ensure that the structural components of each state’s air quality management program are adequate to meet the state’s responsibilities under the CAA.

DATES: Comments must be received on or before June 10, 2019.

ADDRESSES: You may send comments, identified by Docket ID No. EPA-R07-OAR-2019-0083 to <https://www.regulations.gov>. Follow the online instructions for submitting comments.

Instructions: All submissions received must include the Docket ID No. for this rulemaking. Comments received will be posted without change to <https://www.regulations.gov/>, including any personal information provided. For detailed instructions on sending comments and additional information on the rulemaking process, see the “Written Comments” heading of the **SUPPLEMENTARY INFORMATION** section of this document.

FOR FURTHER INFORMATION CONTACT: Mr. Gregory Crable Environmental Protection Agency, Air Planning and Development Branch, 11201 Renner Boulevard, Lenexa, Kansas 66219; telephone number (913) 551-7391; email address crable.gregory@epa.gov.

SUPPLEMENTARY INFORMATION:

Throughout this document “we,” “us,” and “our” refer to the EPA. A technical support document (TSD) is included in this proposed rulemaking docket.

I. Written Comments

Submit your comments, identified by Docket ID No. EPA-R07-OAR-2019-0083, at <https://www.regulations.gov>. Once submitted, comments cannot be edited or removed from *Regulations.gov*. The EPA may publish any comment received to its public docket. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Multimedia submissions (audio, video, etc.) must be accompanied by a written comment. The written comment is considered the official comment and should include discussion of all points you wish to make. The EPA will generally not consider comments or comment contents located outside of the primary submission (*i.e.*, on the web, cloud, or other file sharing system). For additional submission methods, the full EPA public comment policy,

information about CBI or multimedia submissions, and general guidance on making effective comments, please visit <https://www.epa.gov/dockets/commenting-epa-dockets>.

II. What is being addressed in this document?

The EPA is proposing to approve the infrastructure SIP submission received from the State of Nebraska on September 24, 2018. Specifically, EPA is proposing to approve the following infrastructure elements of section 110(a)(2): (A) through (C), (D)(i)(I)—prongs 1 and 2, (D)(i)(II)—prong 3, (D)(ii), (E) through (H), and (J) through (M).

A Technical Support Document (TSD), is included as part of the docket to discuss the details of this proposed action, including an analysis of how the SIP meets the applicable 110(a)(1) and (2) requirements for infrastructure SIPs. As explained in the TSD, EPA plans to take separate action on the infrastructure elements under section 110(a)(2)(D)(i)(II)—prong 4. The EPA is not taking action on section 110(a)(2)(I)—Nonattainment Area Plan or Plan Revisions Under Part D.

III. Have the requirements for approval of a SIP revision been met?

The state submission has met the public notice requirements for SIP submissions in accordance with 40 CFR 51.102. The submission also satisfied the completeness criteria of 40 CFR part 51, appendix V. The state provided a public comment period for this SIP revision from August 7, 2018 to September 7, 2018, and at the same time, offered an opportunity for a public hearing. The state received no comments and no requests for a public hearing. The public hearing scheduled for September 11, 2018 was canceled. In addition, as explained in more detail in the TSD, the revision meets the substantive SIP requirements of the CAA, including section 110 and implementing regulations.

IV. What action is EPA taking?

The EPA is proposing to approve elements of the September 24, 2018, infrastructure SIP submission from the State of Nebraska, which address the requirements of CAA sections 110(a)(1) and (2) as applicable to the 2015 O₃ NAAQS. Specifically, the EPA is proposing to approve the following infrastructure elements of 110(a)(2): (A) through (C), (D)(i)(I)—prongs 1 and 2, (D)(i)(II)—prong 3, (D)(ii), (E) through (H), and (J) through (M). As explained in the TSD, the EPA intends to act on section 110(a)(2)(D)(i)(II)—prong 4, in a
