Changes in Flood Hazard Determinations

AGENCY: Federal Emergency Management Agency; DHS.

ACTION: Notice; correction.

SUMMARY: On February 22, 2019, FEMA published in the **Federal Register** a changes in flood hazard determination notice that contained an erroneous table. respective community map repository address listed in the table below. Additionally, the current effective FIRM and FIS report for each community are accessible online through the FEMA Map Service Center at <https://msc.fema.gov> for comparison.

FOR FURTHER INFORMATION CONTACT: Rick Sacibit, Chief, Engineering Services Branch, Federal Insurance and Mitigation Administration, FEMA, 400 C Street SW, Washington, DC 20472, (202) 646-7659, or (email) patrick.sacibit@fema.dhs.gov; or visit the FEMA Map Information eXchange (FMIX) online at https://www.floodmaps.fema.gov/fhm/fmx_main.html.

SUPPLEMENTARY INFORMATION: The specific flood hazard determinations are not described for each community in this notice. However, the online location and local community map repository address where the flood hazard determination information is available for inspection is provided.

adopt or to show evidence of having in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

These flood hazard determinations, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own or pursuant to policies established by other Federal, State, or regional entities. The flood hazard determinations are in accordance with 44 CFR 65.4.

SUPPLEMENTARY INFORMATION:**I. Background**

In accordance with the Privacy Act of 1974, 5 U.S.C. 552a, the Department of Homeland Security (DHS) United States Coast Guard (USCG) proposes to modify, rename, and reissue a current DHS system of records titled “DHS/USCG–008 United States Coast Guard Courts-Martial Case Files System of Records.” This system of records is being renamed “DHS/USCG–008 Courts-Martial and Military Justice Case Files System of Records.” This system of records allows DHS/USCG to collect and maintain records regarding military justice administration and documentation of USCG Courts-Martial proceedings. In order to meet the requirements of the Uniform Code of Military Justice and Rules for Courts-Martial that will take effect on January 1, 2019, in accordance with Executive Order 13825 titled “2018 Amendments to the Manual for Courts-Martial,” this notice includes the following updates:

(1) Routine Use “J” is required to meet the requirements of the Manual for Courts-Martial, United States (2019 ed.), Pt. II, Rules for Courts-Martial 1106 and 1106A; and

(2) Routine Use “K” is required to meet the requirements of the Manual for Courts-Martial, United States (2019 ed.), Pt. II, Rule for Courts-Martial 1112(b).

Routine Use “J” will allow the accused and crime victims or their counsel to access the court-martial records in order to prepare matters to be submitted to the convening authority within the time limit prescribed in the Rules for Court Martial. Routine Use “K” will allow the accused, a victim of an offense of which the accused was charged, if the victim testified during the proceedings, and any victim named in a specification of which the accused was charged, to receive a copy of the record of trial upon request per the Rules for Courts-Martial. Routine Uses “J” and “K” are new and will be

replacing Routine Use “L” from the existing SORN.

Additionally, DHS/USCG is modifying Routine Use “E” and adding Routine Use “F” to conform to OMB Memorandum M–17–12 “Preparing for and Responding to a Breach of Personally Identifiable Information” (January 3, 2017). Routine Use “I” from the previous version of this SORN regarding the sharing of statistical data about the information in this system of records has been removed. All routine uses have been renumbered to account for these changes. Lastly, DHS is making non-substantive changes to the text and formatting of this SORN to align with previously published DHS SORNs.

Consistent with DHS’s information sharing mission, records covered by this SORN may be shared with other DHS Components that have a need to know the information to carry out their national security, law enforcement, immigration, intelligence, or other homeland security functions. In addition, DHS/USCG may share information with appropriate federal, state, local, tribal, territorial, foreign, or international government agencies consistent with the routine uses set forth in this system of records notice.

This modified system will be included in DHS’s inventory of record systems.

II. Privacy Act

The Privacy Act embodies fair information practice principles in a statutory framework governing the means by which Federal Government agencies collect, maintain, use, and disseminate individuals’ records. The Privacy Act applies to information that is maintained in a “system of records.” A “system of records” is a group of any records under the control of an agency from which information is retrieved by the name of an individual or by some identifying number, symbol, or other identifying particular assigned to the individual. In the Privacy Act, an individual is defined to encompass U.S. citizens and lawful permanent residents. Additionally, the Judicial Redress Act (JRA) provides covered persons with a statutory right to make requests for access and amendment to covered records, as defined by the JRA, along with judicial review for denials of such requests. In addition, the JRA prohibits disclosures of covered records, except as otherwise permitted by the Privacy Act.
