SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-85039; File No. SR-NASDAQ-2018-111]

Self-Regulatory Organizations; The Nasdaq Stock Market LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend Equity 7, Section 118(a) of the Rules

February 1, 2019.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on December 26, 2018, The Nasdaq Stock Market LLC ("Nasdaq" or "Exchange") filed with the Securities and Exchange Commission ("SEC" or "Commission") the proposed rule change as described in Items I, II, and III below, which Items have been

prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend the Exchange's transaction fees at Equity 7, Section 118(a) to: (i) Assess fees for the Midpoint Extended Life Order; and (ii) offer new supplemental credits in all three tapes for non-displayed orders that add liquidity, as described further below.

While these amendments are effective upon filing, the Exchange has designated the proposed amendments to be operative on January 2, 2019.

The text of the proposed rule change is available on the Exchange's website at <http://nasdaq.cchwallstreet.com/>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to amend the Exchange's transaction fees at Equity 7, Section 118(a) to: (i) Assess fees for the Midpoint Extended Life Order; and (ii) establish two new supplemental credits in all three tapes for non-displayed midpoint orders that provide liquidity, as described further below.³

First Change

The Exchange is proposing to assess a \$0.0004 per share executed fee for executions of Midpoint Extended Life

Orders in securities priced at \$1 or more. Currently, the Exchange does not assess a fee for executions of Midpoint Extended Life Orders. The proposed fee covers Orders in securities of any of the three tapes. The Exchange believes that the market in Midpoint Extended Life Orders has matured to the point that it can support the proposed \$0.0004 per share executed fee.

Second Change

The Exchange is proposing to offer two new supplemental credits in all three tapes for non-displayed midpoint orders that provide liquidity if a member executes a requisite average daily volume of shares through Midpoint Extended Life Orders. These are supplemental credits because they will apply in addition to the credits otherwise available to members that add non-displayed liquidity to the Exchange. Specifically, the Exchange proposes to offer a member a \$0.0001 supplemental credit per share executed for midpoint orders if the member executes an average daily volume of at least 2.5 million up to, but not including, 4 million shares through Midpoint Extended Life Orders. Alternatively, the Exchange proposes to offer a member a \$0.0002 supplemental credit per share executed for midpoint orders if the member executes an average daily volume of 4 million or more shares through Midpoint Extended Life Orders. The purposes of the new credits are to provide members with a greater incentive to utilize Midpoint Extended Life Orders as well as to increase their provision of non-displayed midpoint liquidity on the Exchange.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act,⁴ in general, and furthers the objectives of Sections 6(b)(4) and 6(b)(5) of the Act,⁵ in particular, in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and issuers and other persons using any facility, and is not designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

The Commission and the courts have repeatedly expressed their preference for competition over regulatory intervention in determining prices, products, and services in the securities markets. In Regulation NMS, while adopting a series of steps to improve the current market model, the Commission
