SUPPLEMENTARY INFORMATION: Established in 2005, the U.S.-India CEO Forum brings together leaders of the respective business communities of the United States and India to discuss issues of mutual interest, particularly ways to strengthen the economic and commercial ties between the two countries, and to communicate their joint recommendations to the U.S. and Indian governments.

The Forum has U.S. and Indian private and public sector co-chairs. The Secretary of Commerce serves as the U.S. Government chair. The Forum includes U.S. and Indian private sector members, who are divided into two sections. Upon the recruitment of two additional members, the U.S. Section will consist of up to 21 members representing the views and interests of the private sector business community in the United States. Each government appoints the members of its respective Section. The Secretary of Commerce appoints the U.S. Section and the U.S. Section's private sector co-chair. The Forum allows private sector members to develop and provide recommendations to the two governments and their senior officials that reflect private sector views, needs, concerns, and suggestions about

the creation of an environment in which their respective private sectors can partner, thrive, and enhance bilateral commercial ties to expand trade and economic links between the United States and India. The Forum works in tandem with, and provides input to, the government-to-government U.S.-India Commercial Dialogue.

The Department of Commerce is seeking U.S. industry candidates for membership in the aerospace/defense and healthcare sectors. Each candidate must be the Chief Executive Officer or President (or have a comparable level of responsibility) of a U.S.-owned or controlled company that is incorporated in and has its main headquarters located in the United States and is currently conducting business in both countries. - The ability to offer a broad perspective and business experience to the discussions.
- The ability to address cross-cutting issues that affect the entire business community.
- The ability to initiate and be responsible for activities in which the Forum will be active.
- If applicable, prior participation by the applicant in the U.S. Section of the Forum.

The evaluation of applications for membership in the U.S. Section will be undertaken by a committee of staff from multiple U.S. Government agencies. The U.S. Section of the Forum includes members who represent a diversity of business sectors and geographic locations. The addition of representatives from the aerospace/defense and healthcare sectors will increase the commercial diversity of the U.S. Section. To the extent possible, the U.S. Section should include members from small, medium, and large firms.

U.S. Section members will receive no compensation for their participation in Forum-related activities. Individual members will be responsible for all

travel and related expenses associated with their participation, including attendance at Forum and Section meetings.
