The LPTV, TV Translator, and FM Reimbursement Report and Order adopts rules to implement Congress' directive in the 2018 Reimbursement Expansion Act (REA) that the Commission reimburse certain Low Power Television and television translator stations and FM broadcast stations, for costs incurred as a result of the Commission's broadcast television spectrum incentive auction. In the REA, Congress provided additional funding for the TV Broadcaster Relocation Fund and expanded the list of entities eligible to receive reimbursement for costs reasonably incurred as a result of the reorganization of broadcast television spectrum to include LPTV/translator and FM stations. The LPTV, TV Translator, and FM Reimbursement Report and Order adopts rules relating to eligibility, expenses, and procedures the Commission will use to provide *17830 reimbursement to these entities and mandates the use of various measures designed to protect the Reimbursement Fund against waste, fraud, and abuse. This submission is being made to implement the Commission's directive to add LPTV. TV Translators, and FM broadcast stations to this Information Collection.

In the LPTV, TV Translator, and FM Reimbursement Report and Order, the Commission delegated to the Media Bureau the authority to modify current FCC Form 2100, Schedule 399, TV **Broadcaster Relocation Fund Reimbursement Form (Reimbursement** Form), to add all newly eligible LPTV, TV Translator, and FM broadcast entities. The Media Bureau has, therefore, added questions and certifications to the Reimbursement Form to accommodate these newly eligible broadcast entities. Specifically, in order to protect the Reimbursement Fund against waste, fraud, and abuse, all newly eligible broadcast entities that propose to request reimbursement for eligible expenses must certify on the Reimbursement Form that they meet the specified eligibility criteria and provide information regarding their affected broadcasting equipment and the estimated costs eligible for reimbursement. This Information Collection is otherwise unchanged as already approved by OMB.
