

internet server (<https://www.usitc.gov>). The public record for this investigation may be viewed on the Commission's Electronic Docket Information System ("EDIS") (<https://edis.usitc.gov>). Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal, telephone (202) 205-1810.

SUPPLEMENTARY INFORMATION: On September 6, 2017, the Commission instituted this investigation based on a complaint filed by Bio-Rad Laboratories, Inc. of Hercules, California ("Bio-Rad") and Lawrence Livermore National Security, LLC of Livermore, California (collectively, "Complainants"). 82 FR 42115 (Sept. 6, 2017). Complainants alleged a violation of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337 ("section 337"), by 10X Genomics, Inc. of Pleasanton, California ("10X") based on its importation into the United States of certain microfluidic devices asserted to infringe one or more claims of U.S. Patent Nos. 9,500,664; 9,636,682; 9,649,635; and 9,126,160. *Id.* The Office of Unfair Import Investigations was also named as a party in this investigation. *Id.* The Commission also directed the ALJ to take evidence and hear arguments regarding the public interest and provide the Commission with findings of fact and a recommended determination on the statutory public interest factors, as requested by 10X. *Id.*

On September 20, 2018, the presiding administrative law judge ("ALJ") issued a final initial determination finding that 10X violated section 337 through its importation of its GEM-Q and GEM-U Chips (collectively, the "GEM Chips"). However, the ALJ found no violation by 10X based on its importation of its Chip SE or Chip GB.

On September 28, 2018, the ALJ issued a recommended determination on remedy, bonding, and the public interest (the "RD"). The ALJ recommended that, if the Commission finds a violation of section 337, it should issue a limited exclusion order ("LEO") against infringing microfluidic devices, which are imported, sold for importation, and/or sold after importation by 10X. The LEO would prevent the importation by 10X of

microfluidic devices that infringe Complainants' asserted patents. The ALJ further recommended that, if the Commission finds a violation of section 337, it should issue a cease and desist order ("CDO") against 10X. The CDO would prevent the transfer by 10X to others of microfluidic devices that infringe Complainants' asserted patents. The ALJ found that "the public interest factors weigh in favor of imposition of the recommended remedial orders." RD at 30.

On December 4, 2018, the Commission determined to review the ALJ's findings as to the GEM Chips, the Chip SE, and the Chip GB. 83 FR 63672 (Dec. 11, 2018). The Commission also requested briefing from the parties, interested government agencies, and other interested persons on remedy, the public interest, and bonding. *Id.*

On June 10, 2019, the Commission issued another notice, which requested supplemental information from the parties, interested government agencies, and other interested persons on the public interest. 84 FR 27802 (June 14, 2019). The Commission's notice requested that the parties file their opening submissions by June 24, 2019, and their reply submissions by July 1, 2019. The Commission's notice also requested that interested government agencies and other interested persons file their comments by July 1, 2019.

To ensure the opportunity to respond to comments from interested government agencies and other interested persons, the Commission has determined to modify the briefing schedule to provide for reply submissions by July 15, 2019.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in part 210 of the Commission's Rules of Practice and Procedure (19 CFR part 210).

By order of the Commission.

Issued: June 28, 2019.

Lisa Barton,

Secretary to the Commission.

BILLING CODE 7020-02-P

DEPARTMENT OF LABOR

Employment and Training Administration

Investigations Regarding Eligibility To Apply for Worker Adjustment Assistance

Petitions have been filed with the Secretary of Labor under Section 221(a) of the Trade Act of 1974 ("the Act") and are identified in the Appendix to this notice. Upon receipt of these petitions, the Administrator of the Office of Trade Adjustment Assistance, Employment and Training Administration, has instituted investigations pursuant to Section 221(a) of the Act.

The purpose of each of the investigations is to determine whether the workers are eligible to apply for adjustment assistance under Title II, Chapter 2, of the Act. The investigations will further relate, as appropriate, to the determination of the date on which total or partial separations began or threatened to begin and the subdivision of the firm involved.

The petitioners or any other persons showing a substantial interest in the subject matter of the investigations may request a public hearing provided such request is filed in writing with the Administrator, Office of Trade Adjustment Assistance, at the address shown below, no later than July 15, 2019.

Interested persons are invited to submit written comments regarding the subject matter of the investigations to the Administrator, Office of Trade Adjustment Assistance, at the address shown below, no later than July 15, 2019.

The petitions filed in this case are available for inspection at the Office of the Administrator, Office of Trade Adjustment Assistance, Employment and Training Administration, U.S. Department of Labor, Room N-5428, 200 Constitution Avenue NW, Washington, DC 20210.

Signed at Washington, DC, this 11th day of June 2019.

Hope D. Kinglock,

Certifying Officer, Office of Trade Adjustment Assistance.

BILLING CODE 4510-FN-P

DEPARTMENT OF LABOR**Employment and Training
Administration****Agency Information Collection
Activities; Comment Request; Post
Enrollment Data Collection for Job
Corps Participants****ACTION:** Notice.

SUMMARY: The Department of Labor's (DOL's), Employment Training Administration (ETA) is soliciting comments concerning a proposed revision for the authority to conduct the information collection request (ICR) titled, "Post Enrollment Data Collection for Job Corps Participants." This comment request is part of continuing Departmental efforts to reduce paperwork and respondent burden in accordance with the Paperwork Reduction Act of 1995 (PRA).

DATES: Consideration will be given to all written comments received by September 3, 2019.

ADDRESSES: A copy of this ICR with applicable supporting documentation; including a description of the likely respondents, proposed frequency of response, and estimated total burden may be obtained free by contacting Lawrence Lyford by telephone at 202-693-3121 (this is not a toll-free number), TTY 1-877-889-5627 (this is not a toll-free number), or by email at Lyford.Lawrence@dol.gov.

Submit written comments about, or requests for a copy of, this ICR by mail or courier to the U.S. Department of Labor, Employment and Training Administration, Office of Job Corps, 200 Constitution Avenue NW, Room N4507, Washington, DC 20210; by email: Lyford.Lawrence@dol.gov; or by Fax 202-693-3113.

FOR FURTHER INFORMATION CONTACT: Lawrence Lyford by telephone at 202-693-3121 (this is not a toll free number) or by email at Lyford.Lawrence@dol.gov.

SUPPLEMENTARY INFORMATION: The DOL, as part of continuing efforts to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies an opportunity to comment on proposed and/or continuing collections of information before submitting them to the OMB for final approval. This program helps to ensure requested data can be provided in the desired format, reporting burden (time and financial resources) is

minimized, collection instruments are clearly understood, and the impact of collection requirements can be properly assessed.

Job Corps is the nation's largest residential, educational, and career technical training program for young Americans. The Economic Opportunity Act established Job Corps in 1964, and it currently operates under the authority of the Workforce Innovation and Opportunity Act (WIOA) of 2014. For over 54 years, Job Corps has helped prepare over three million at-risk young people between the ages of 16 and 24 for success in our nation's workforce. With 123 centers in 50 states, Puerto Rico, and the District of Columbia, Job Corps assists students across the nation in attaining academic credentials, including High School Diplomas (HSD) and/or High School Equivalency (HSE), and career technical training credentials, including industry-recognized certifications, state licensures, and pre-apprenticeship credentials.

Job Corps is a national program administered by the U.S. Department of Labor (DOL) through the Office of Job Corps and six Regional Offices. DOL awards and administers contracts for the recruiting and screening of new students, center operations, and the placement and transitional support of graduates and former enrollees. Large and small corporations and nonprofit organizations manage and operate 98 Job Corps centers under contractual agreements with DOL. These contract Center Operators are selected through a competitive procurement process that evaluates potential operators' technical expertise, proposed costs, past performance, and other factors, in accordance with the Competition in Contracting Act and the Federal Acquisition Regulations. The U.S. Department of Agriculture operates the remaining 25 Job Corps centers, called Civilian Conservation Centers, via an interagency agreement. The DOL has a direct role in the operation of Job Corps and does not serve as a pass-through agency for this program. The Workforce Innovation Opportunity Act (WIOA), Section 116(b)(2)(A)(i) and Section 159(c)(4) authorizes this information collection.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless OMB approves the collection under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of

law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6.

Interested parties are encouraged to provide comments to the contact shown in the **ADDRESSES** section. Comments must be written to receive consideration, and they will be summarized and included in the request for OMB approval of the final ICR. In order to help ensure appropriate consideration, comments should mention OMB control number 1205-0426.

Submitted comments will also be a matter of public record for this ICR and posted on the internet, without redaction. The DOL encourages commenters not to include personally identifiable information, confidential business data, or other sensitive statements/information in any comments.

The DOL is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Agency: DOL-ETA.

Type of Review: Revision.

Title of Collection: Post Enrollment Data Collection for Job Corps Participants.

Forms: Appendix A, B, C, and D.

OMB Control Number: 1205-0426.

Affected Public: Individuals or Households and Private Sector—businesses or other for-profits.

Estimated Number of Respondents: 28,860.

Frequency: For participants, the second and fourth calendar quarter after exit quarter from Job Corps and upon initial separation.

Total Estimated Annual Responses: 50,720.

Estimated Average Time per Response: varies.
