

may also use a combination of these methods. The method or methods that the agency chooses will apply to the program income that it earns during the grant period and to the program income that any subgrantee earns during the grant period. The agency must indicate

the method or methods that it wants to use in the project statement that it submits with each application for Federal assistance.

(b) Program income must be spent within the grant period and program in which it is earned and before requesting

additional Federal funds for the activity for which the program income is earned.

(c) The three methods for applying program income to Federal and non-Federal outlays are in table 1 to § 80.123(c):

TABLE 1 TO § 80.123(c)

Method	Requirements for using method
(1) Deduction	(i) The agency must deduct the program income from total allowable costs to determine the net allowable costs. (ii) The agency must use program income for current costs under the grant unless the Regional Director authorizes otherwise. (iii) If the agency does not indicate the method that it wants to use in the project statement, then it must use the deduction method.
(2) Addition	(i) The agency must request the Regional Director's approval in the project statement. (ii) The agency may add the program income to the Federal and non-Federal funds under the grant. (iii) The agency must use the program income for the purposes of the grant and under the terms of the grant.
(3) Cost sharing or matching	(i) The agency must request the Regional Director's approval in the project statement. (ii) The agency must explain in the project statement the expected program income, how the agency proposes to use the program income to satisfy matching requirements, how the agency will use program income earned in excess of required match, and the primary conservation or recreation objective sufficient to show program income as a secondary benefit. (iii) If neither the agency's project statement nor the award indicates how program income in excess of matching requirements will be applied, the agency must use the deduction method.

■ 12. Revise § 80.124 to read as follows:

§ 80.124 How may an agency use unexpended program income?

A State fish and wildlife agency must spend program income before requesting additional payments under an award. If the agency has unexpended program income on its final Federal financial report, it may use the income under a subsequent grant for any activity eligible for funding in the grant program that generated the income.

Subpart J—Real Property

■ 13. Revise § 80.137 to read as follows:

§ 80.137 What if real property is no longer useful or needed for its original purpose?

If the director of the State fish and wildlife agency and the Regional Director jointly decide that real property acquired with grant funds is no longer useful or needed for its original purpose under the grant, the director of the agency must:

(a) Propose another eligible purpose for the real property under the grant program and ask the Regional Director to approve this proposed purpose; or

(b) Follow the regulations at 2 CFR 200.311 and consult with the Regional Director on how to treat proceeds from the disposition of real property.

Subpart L—Information Collection

■ 14. Amend § 80.160 by revising paragraphs (a)(4), (5), and (7), (b), and (c) to read as follows:

§ 80.160 What are the information collection requirements of this part?

(a) * * *

(4) Provide a project statement that describes the need, purpose and objectives, results or benefits expected, approach, geographic location, explanation of costs, and other information that demonstrates that the project is eligible under the Acts and meets the requirements of the Federal Cost Principles and the laws, regulations, and policies applicable to the grant program (OMB Control Number 1018–0100).

(5) Change or update information provided to the Service in a previously approved application (OMB Control Number 1018–0100).

* * * * *

(7) Report as a grantee on progress in completing the grant-funded project (OMB Control Number 1018–0100).

(b) The authorizations for information collection under this part are in the Acts and in 2 CFR part 200, “Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards.”

(c) Send comments on the information collection requirements to: U.S. Fish and Wildlife Service, Information Collection Clearance Officer, 5275 Leesburg Pike, MS: BPHC, Falls Church, Virginia 22041–3803.

Dated: August 15, 2019.

Ryan Hambleton,
Deputy Assistant Secretary for Fish and Wildlife and Parks.

BILLING CODE 4333–15–P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

50 CFR Part 679

[Docket No. 180831813–9170–02]

RIN 0648–XY015

Fisheries of the Exclusive Economic Zone Off Alaska; Pacific Cod in the Central Regulatory Area of the Gulf of Alaska

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; closure.

SUMMARY: NMFS is prohibiting retention of Pacific cod by catcher/processors using trawl gear in the Central Regulatory Area of the Gulf of Alaska (GOA). This action is necessary because the 2019 total allowable catch of Pacific cod allocated to catcher/processors using trawl gear in the Central Regulatory Area of the GOA has been reached.

DATES: Effective 1200 hours, Alaska local time (A.l.t.), August 22, 2019,

through 2400 hours, A.l.t., December 31, 2019.

FOR FURTHER INFORMATION CONTACT:

Obren Davis, 907-586-7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the GOA exclusive economic zone according to the Fishery Management Plan for Groundfish of the Gulf of Alaska (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

The 2019 total allowable catch (TAC) of Pacific cod allocated to catcher/processors using trawl gear in the Central Regulatory Area of the GOA is 239 metric tons (mt) as established by the final 2019 and 2020 harvest specifications for groundfish of the GOA (84 FR 9416, March 14, 2019).

In accordance with § 679.20(d)(2), the Administrator, Alaska Region, NMFS

(Regional Administrator), has determined that the 2019 TAC of Pacific cod allocated to catcher/processors using trawl gear in the Central Regulatory Area of the GOA has been reached. Therefore, NMFS is requiring that Pacific cod caught by catcher/processors using trawl gear in the Central Regulatory Area of the GOA be treated as prohibited species in accordance with § 679.21(a)(2).

Classification

This action responds to the best available information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA (AA), finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) as such requirement is impracticable and contrary to the public interest. This requirement is impracticable and contrary to the public interest as it would prevent NMFS from responding to the most recent fisheries

data in a timely fashion and would delay prohibiting the retention of Pacific cod by catcher/processors using trawl gear in the Central Regulatory Area of the GOA. NMFS was unable to publish a notice providing time for public comment because the most recent, relevant data only became available as of August 21, 2019.

The AA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment.

This action is required by §§ 679.20 and 679.21 and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: August 22, 2019.

Jennifer M. Wallace,
Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.
