

substantially similar to the independence requirements contained in the listing standards of Nasdaq and NYSE.

The Exchange believes that by ensuring its parent company's governance documents accurately reflect the correct legal address of Parent's registered office, the proposed rule change would reduce potential investor or market participant confusion.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change is not intended to address competitive issues but rather is concerned solely with updating the Parent Bylaws and Exchange Bylaws to reflect the changes described above.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act¹⁰ and Rule 19b-4(f)(6) thereunder.¹¹ Because the proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) by its terms, become operative prior to 30 days from the date on which it was filed, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, the proposed rule change has become operative pursuant to Section 19(b)(3)(A) of the Act and Rule 19b-4(f)(6) thereunder.

A proposed rule change filed under Rule 19b-4(f)(6)¹² normally does not become operative for 30 days after the date of filing. However, pursuant to Rule 19b-4(f)(6),¹³ the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to

waive the 30-day operative delay so that proposal may become operative upon filing. The Exchange states that the proposed changes relating to the ability of the same person to hold multiple officer titles and the amended independence requirements are consistent with other national securities exchanges and will enable the Exchange to continue to be organized and have the capacity to be able to carry out the purposes of the Act, including protecting investors and the public interest. Further, the proposed change of updating the zip code of the Parent's registered office does not raise any regulatory issues. For the foregoing reasons, the Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest and, therefore, the Commission designates the proposed rule change to be operative upon filing.¹⁴

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.

“Act”)² and Rule 19b–4 thereunder,³ notice is hereby given that, on February 1, 2019, New York Stock Exchange LLC (“NYSE” or the “Exchange”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend its Price List to add a new incentive for Supplemental Liquidity Providers (“SLP”) in Tape A securities when adding liquidity in securities traded pursuant to Unlisted Trading Privileges (“UTP”) (Tapes B and C). The Exchange proposes to implement these changes to its Price List effective February 1, 2019. The proposed rule change is available on the Exchange’s website at www.nyse.com, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend its Price List to add a new incentive for SLPs in Tape A securities when adding liquidity in UTP Securities (Tapes B and C).

The Exchange proposes to implement these changes to its Price List effective February 1, 2019.

Proposed Rule Change

Currently, SLP Tier 1 provides that an SLP adding liquidity in Tape A

securities with a per share price of \$1.00 or more is eligible for a per share credit of \$0.0029 if the SLP (1) meets the 10% average or more quoting requirement in an assigned security pursuant to Rule 107B, and (2) adds liquidity for all assigned SLP securities in the aggregate (including shares of both an SLP-Prop and an SLMM of the same or an affiliated member organization)⁴ of an ADV⁵ of more than 0.90% of NYSE CADV, or with respect to an SLP that is also a Designated Market Maker (“DMM”) and subject to Rule 107B(i)(2)(a), more than 0.90% of NYSE CADV after a discount of the percentage for the prior quarter of NYSE.

CADV in DMM assigned securities as of the last business day of the prior month. The SLP Tier 1 credit in the case of Non-Displayed Reserve Orders is \$0.0012.

The Exchange proposes an additional incentive to SLPs in Tape A securities under SLP Tier 1 for SLPs that meet the current requirements for SLP Provide Tier 1 in UTP Securities.

SLP Provide Tier 1 provides a \$0.0032 per share credit per tape in an assigned UTP Security for SLPs adding displayed liquidity to the Exchange if the SLP (1) adds liquidity for all assigned UTP Securities in the aggregate of an CADV of at least 0.10% for Tape B and 0.075% for Tape C, (2) meets the 10% average or more quoting requirement in 400 or more assigned UTP Securities in Tapes B and C combined pursuant to Rule 107B, and (3) meets the 10% average or more quoting requirement in an assigned UTP Security pursuant to Rule 107B.

The Exchange proposes that SLPs meeting the requirements of SLP Provide Tier 1 in UTP Securities would be eligible to qualify for the SLP Tier 1 adding rates where the SLP, in addition to meeting the 10% average or more quoting requirement in an assigned security pursuant to Rule 107B, adds liquidity for all assigned SLP securities in the aggregate of an ADV of more than 0.75% of NYSE CADV or, with respect to SLPs that are also DMMs and subject to Rule 107B(i)(2)(a), more than 0.75% of NYSE CADV after a discount of the

⁴ Under Rule 107B, an SLP can be either a proprietary trading unit of a member organization (“SLP-Prop”) or a registered market maker at the Exchange (“SLMM”). For purposes of the 10% average or more quoting requirement in assigned securities pursuant to Rule 107B, quotes of an SLP-Prop and an SLMM of the same member organization are not aggregated. However, for purposes of adding liquidity for assigned SLP securities in the aggregate, shares of both an SLP-Prop and an SLMM of the same member organization are included.

⁵ The defined term, “ADV,” is used here as defined in footnote 2 to the Price List.

percentage for the prior quarter of NYSE CADV in DMM assigned securities as of the last business day of the prior month. The Price List would refer to this as the “SLP Cross Tape Tier 1 Incentive.”

For example, assume an SLP averages an Adding ADV⁶ of 28 million shares a day in Tape A securities in the billing month where the NYSE CADV is 3.5 billion shares, for a percent adding of CADV of 0.80% in Tape A securities, which before the proposed change qualifies the SLP for SLP Tier 1A in Tape A securities by meeting the current 0.60% CADV requirement. Further assume that the SLP meets the requirements of SLP Provide Tier 1 in UTP Securities in both Tape B securities and Tape C securities. Under the proposed change, that SLP would be eligible for the lower SLP Tier 1 requirement for Tape A securities of 0.75% of CADV, which it would meet by having a percent adding CADV of 0.80%.

The proposed changes are not otherwise intended to address any other issues, and the Exchange is not aware of any problems that member organizations would have in complying with the proposed change.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act,⁷ in general, and furthers the objectives of Sections 6(b)(4) and 6(b)(5) of the Act,⁸ in particular, because it provides for the equitable allocation of reasonable dues, fees, and other charges among its members, issuers and other persons using its facilities and does not unfairly discriminate between customers, issuers, brokers or dealers.

The Exchange believes that lowering the ADV requirement to qualify for SLP Tier 1 in Tape A securities for SLPs that add liquidity in UTP Securities by meeting the SLP Provide Tier 1 requirements in both Tape B and Tape C securities is reasonable because it would further contribute to incenting member organizations to provide additional liquidity to a public exchange in UTP Securities, thereby promoting price discovery and transparency and enhancing order execution opportunities for member organizations. The Exchange believes that that the proposal is reasonable and not unfairly discriminatory because it would apply to all member

⁶ “Adding ADV” is when a member organization has ADV that adds liquidity to the Exchange during the billing month. Adding ADV excludes any liquidity added by a DMM.

organizations eligible for the relevant SLP Tier 1 credits equally.

The Exchange further believes that the proposal is reasonable and not unfairly discriminatory because, although the proposed alternative requirement is offered for members organizations qualifying for SLP Tier 1 and not for the SLP Non-Tier, Adding Tier 2, Adding Tier 3 and Adding Tier 4, the proposal will encourage SLPs that do not currently qualify for either the SLP Tier 1 in Tape A securities or the SLP Provide Tier 1 in UTP Securities to add additional liquidity in order to reach the SLP Tier 1 and SLP Provide Tier 1. The Exchange notes that SLPs qualifying for SLP Tier 2 in Tape A securities that receive a credit of \$0.0026 and that do not trade UTP Securities can qualify for the SLP Tier 1 credit of \$0.0029 by meeting the requirements for the SLP Step Up Tier 1 and thereby receive an additional \$0.0003 credit, for a combined adding credit of \$0.0029.

Finally, the Exchange believes that it is subject to significant competitive forces, as described below in the Exchange's statement regarding the burden on competition.

For the foregoing reasons, the Exchange believes that the proposal is consistent with the Act.

B. Self-Regulatory Organization's Statement on Burden on Competition

In accordance with Section 6(b)(8) of the Act,⁹ the Exchange believes that the proposed rule change would not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. Instead, the Exchange believes that the proposed change would foster liquidity provision and stability in the marketplace, thereby promoting price discovery and transparency and enhancing order execution opportunities for member organizations. In this regard, the Exchange believes that the transparency and competitiveness of attracting additional executions on an exchange market would encourage competition. The Exchange also believes that the proposed rule change is designed to provide the public and investors with a Price List that is clear and consistent, thereby reducing burdens on the marketplace and facilitating investor protection.

Finally, the Exchange notes that it operates in a highly competitive market in which market participants can readily favor competing venues if they deem fee levels at a particular venue to be excessive or rebate opportunities available at other venues to be more

favorable. In such an environment, the Exchange must continually adjust its fees and rebates to remain competitive with other exchanges and with alternative trading systems that have been exempted from compliance with the statutory standards applicable to exchanges. Because competitors are free to modify their own fees and credits in response, and because market participants may readily adjust their order routing practices, the Exchange believes that the degree to which fee changes in this market may impose any burden on competition is extremely limited. As a result of all of these considerations, the Exchange does not believe that the proposed changes will impair the ability of member organizations or competing order execution venues to maintain their competitive standing in the financial markets.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change is effective upon filing pursuant to Section 19(b)(3)(A)¹⁰ of the Act and subparagraph (f)(2) of Rule 19b-4¹¹ thereunder, because it establishes a due, fee, or other charge imposed by the Exchange.

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)¹² of the Act to determine whether the proposed rule change should be approved or disapproved.
