leasing, construction, IT, and professional services community, to share their thoughts. Attendees will also have the opportunity to share their thoughts.

GSA is particularly interested in the following questions:

- If (a)(1)(B) of Section 889 prohibits use by an entity of covered telecommunications equipment or services at any tier, including use that is unrelated to the performance of any GSA contract:
  - How would this impact your business, and therefore GSA's mission?
  - What are some of the challenges involved in identifying covered equipment?
  - How would your industry likely be impacted and how will this affect GSA's competition?
  - Would this impact your plans to do future business with the GSA?
  - What is your anticipated cost for compliance with this prohibition?
  - How long would it take to remove covered equipment from all levels of your supply chain on GSA contracts?
  - Are there specific use cases in the supply chain where it would not be feasible to remove the covered equipment?
- How does GSA make industry more aware of the prohibition?

This 30-Day notice collects comments on the information collection requirements related to ACL's Chronic Disease Self-Management Education grant program (Proposed Extension with Changes of a Currently Approved Collection [ICR Rev]).

DATES: Submit written comments on the collection of information by November 22, 2019.

ADDRESSES: Submit written comments on the collection of information by:

(a) Email to: *OIRA_submission@omb.eop.gov,* Attn: OMB Desk Officer for ACL;

(b) Fax to 202.395.5806, Attn: OMB Desk Officer for ACL; or

(c) By mail to the Office of Information and Regulatory Affairs, OMB, New Executive Office Bldg., 725 17th St. NW, Rm. 10235, Washington, DC 20503, Attn: OMB Desk Officer for ACL.

FOR FURTHER INFORMATION CONTACT: Kristie Kulinski (*kristie.kulinski@acl.hhs.gov*) or (202) 795–7379.

SUPPLEMENTARY INFORMATION: In compliance with 44 U.S.C. 3507, ACL has submitted the following proposed collection of information to OMB for review and clearance. The ''Empowering Older Adults and Adults with Disabilities through Chronic Disease Self-Management Education (CDSME) Programs'' cooperative agreement program has been financed through the Prevention and Public Health Fund (PPHF). The statutory authority for cooperative agreements under the most recent program announcement (FY 2019) is contained in the Department of Defense and Labor, Health and Human Services, and Education Appropriations Act, 2019 and Continuing Appropriations Act, 2019, Public Law 115–245; Public Health Service Act, 42 U.S.C. 300u–2 (Community Programs) and 300u–3 (Information Programs); and the Patient Protection and Affordable Care Act, 42 U.S.C. 300u–11 (Prevention and Public Health Fund). The Empowering Older Adults and Adults with Disabilities through CDSME Programs initiative supports a national resource center and awards competitive grants to deliver and sustain evidence-based CDSME interventions.

OMB approval of the existing set of data collection tools expires on October 31, 2019 (OMB Control Number 0985–0036). This data collection continues to be necessary for monitoring program operations and outcomes. ACL proposes to use the following tools: (1) Semi-annual program reports to monitor grantee progress; and (2) a set of tools used to collect information at each program completed by the program facilitators (Program Information Cover Sheet and Attendance Log) and a Participant Information Survey completed by each participant to document their demographic and health characteristics. ACL is not requesting renewal of Host/Implementation Organization Information Form. ACL intends to continue using an online data entry system for the program and participant survey data. In addition to non-substantive formatting edits, minor changes are being proposed to two of the four currently approved tools, as indicated below. All changes proposed are based on feedback from a focus group that included a sub-set of current grantees, as well as consultation with subject matter experts.
